LONG-ANSWER QUESTIONS

Please answer all five of the following questions, in a few paragraphs each. *Applicants who do not answer the questions will not be considered.*

- a) Describe your special abilities and interests in working with animals, why you have chosen this field, actual "hands on experience" with animals, and any other special attributes you feel would assist you in undertaking the training and field-placement components of the program.
- b) Describe your experience with field work in remote settings, and any international experience you may have.
- c) Describe any conservation initiatives or interests that you have shown to date, either with species-at-risk in Canada or elsewhere.
- d) Describe how **you** hope to contribute to conservation work in the future and how undertaking **this program** will help you achieve this.
- e) Review the relevance, as you see it, of working with endangered species in relation to the environmental concerns of our time (global and Canadian). Please make reference to the following: how work in zoos should relate to conservation in general, the role of captive breeding and management of endangered species in conservation.

Please append your CV here.

Applications must be submitted as a single electronic file (Word or pdf).

No handwritten applications will be accepted. Electronic submissions only will be accepted.
